Installation & Cleaning

Installation

Always use a clean, lint-free, non-abrasive cloth to remove any dirt or residue from the lens. The lens is the most sensitive part of the camera. Do not use any liquid or cleaning solution on the lens. Use only the lens cap provided with the camera to protect the lens when not in use.

Cleaning

Do not use a paper towel or any other material that is too rough or too soft to clean the lens. Use only a clean, lint-free, non-abrasive cloth to clean the lens. Do not use any liquid or cleaning solution on the lens. Use only the lens cap provided with the camera to protect the lens when not in use.
